

IN HONOR OF DARIEN'S 2000
CITIZEN OF THE YEAR

HON. JUDY BIGGERT

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 8, 2000

Mrs. BIGGERT. Mr. Speaker, I rise today in honor of Ed Tomei, the 2000 Citizen of the Year for Darien, Illinois.

The city of Darien is at the heart of Illinois' 13th Congressional District. It is a central crossroads for a growing region. Incorporated in 1969, it is still a young community in comparison to many of its surrounding neighbors. Over the last 31 years a great deal of hard work and dedication has been invested to make this community what it is today. The people of Darien continue to work hard to live up to the city's understated motto—"a nice place to live."

Well, I am happy to confirm that it is a nice place to live, and much of the credit for that goes to Darien's Citizen of the Year, Ed Tomei.

Ed and his family moved to Darien in 1970 shortly after the city's incorporation. Ed soon threw himself into the work of improving and representing the community he called home. He served eight years as an alderman and four years as the Fire and Police Commissioner. He became a member of the Hinsdale South High School Booster Club as well as the Hinsdale Jaycees. Ed also took part in the West Suburban Ducks Unlimited Group, a wildlife preservation organization.

Ed invested countless hours to help make the creation of the Indian Prairie Library a reality, and he has shown time and again his commitment to his community. Despite his heavy schedule, Ed continues to find the time to play Santa Claus at Christmas.

Ed Tomei put his heart and soul into Darien—and his neighbors noticed. As impressive as his civic accomplishments are, it is the words that his neighbors wrote about that show the true mark of this man.

One wrote, "he has always exhibited generosity, enthusiasm, diligence and integrity of the highest order. . . . After thirty years of progress it's easy to forget how much of the smooth running of the City in the early days was due to efforts 'above and beyond' the call of duty such as Ed provided."

Another said, "[i]ntegrity, commitment and leadership are the three traits that comprise the heart of Ed Tomei's character and what make him an outstanding citizen."

That is high praise indeed, but praise that is well deserved. It is outstanding citizens like Ed that have built the great nation that we live in today. Congratulations to Ed Tomei, Darien's 2000 Citizen of the Year. He has made Darien much more than "a nice place to live."

THE FUEL TAX COST REDUCTION ACT

HON. MAC COLLINS

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 8, 2000

Mr. COLLINS. Mr. Speaker, with a fill-up at the gas pump draining more and more of a worker's wallet, it is time for Congress to pro-

vide relief to consumers. Congress has the power to help offset the rapidly increasing costs that are being imposed on working Americans, and we must act now.

Today I rise to introduce the Fuel Tax Cost Reduction Act—a bill to repeal a 4.3 cents per gallon tax on gasoline. This bill expands on legislation I have introduced in the past by repealing the 1993 deficit reduction fuel tax as it applies to all modes of transportation.

Mr. Speaker, this tax was included in the massive 1993 tax-hike. The purpose of this tax increase was to "reduce the deficit" during the time period when the old Congressional majority was regularly passing deficit-driven budgets that far outspent each year's tax receipts. Since that time, the Republican majority has taken action to balance the budget so that today the Federal government is running a positive cash flow. The end of annual deficits should mean the end of "deficit-reduction" taxes.

Today, world oil prices are climbing, and experts now predict that the price of gasoline will rise to at least \$2 a gallon. American families need help and this is the kind of tax relief that will help working families the most.

SALUTE TO FEDERAL WORKERS' 1999 COMBINED FEDERAL CAM- PAIGN

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 8, 2000

Ms. NORTON. Mr. Speaker, I rise today to recognize the generosity of our local federal workers, who participated in the 1999 Combined Federal Campaign (CFC). Federal employees in the national capital area contributed a record setting \$44.3 million in 1999, far exceeding campaign goals by 8.5 percent. Thanks to their generosity, these funds will be used to help needy people in the District of Columbia, across the nation and around the globe. As we know, the CFC provides more than money, it builds stronger, healthier lives and communities.

My sincere congratulations to Health and Human Services Secretary Donna E. Shalala, who chaired the 1999 CFC and promoted it through more than 40 visits to federal agencies. A special salute as well to the thousands of committed CFC volunteers and federal workers who made this year's campaign a resounding success.

HONORING SISTER CATHERINE SCHNEIDER ON HER GOLDEN JU- BILEE AS A SERVANT SISTER OF THE IMMACULATE HEART OF MARY

HON. ROBERT A. BORSKI

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 8, 2000

Mr. BORSKI. Mr. Speaker, I rise today to honor Sister Catherine Schneider who is celebrating her Golden Jubilee as a Servant Sister of the Immaculate Heart of Mary on March 17, 2000.

Sister Schneider dedicated her entire body of knowledge to the educational development

and advancement of children of all ages. She introduced the fundamentals of primary education to younger children by teaching first and second grade at St. Gabriel and St. Raphael parishes. She continued this advancement of education with her insightful and thought-provoking classroom instructions in Religion and Social Studies at St. Cecilia, Assumption, Our Lady of Fatima, and St. Laurence parishes.

Beyond the scope of her classroom responsibilities, she continued to enhance the educational prowess of her students. She selflessly did this by sacrificing her lunch periods to tutor her students who may be floundering in certain areas of their education. She implemented several student-centered programs such as the May Procession and the altar servers to ensure the stewardship and spirituality of a Catholic education.

Constantly striving to serve her devotion in all of its capacities, Sister Schneider held two secretarial positions at St. Augustine and the Holy Name of Jesus parishes. She willingly accepted the tasks that were presented to her and genuinely welcomed visitors to both schools. She freely served the infirm patients at Camilla Hall by simply listening to their needs and by offering them a kind word of inspiration. Even as a patient herself, she toiled with the switchboard as an operator. Sister Schneider continually served and educated others which had reciprocal benefits and values on her own life.

Mr. Speaker, Sister Catherine Schneider should be commended for her tireless pursuit to support and value the advancement of education and her deep devotion to duty. I congratulate and highly revere Sister Schneider upon this most glorious occasion of her Golden Jubilee, and I offer her my best wishes for continued faith and dedication in the coming years.

WE NEED NOT SIT IDLY BY

HON. SHERWOOD L. BOEHLERT

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 8, 2000

Mr. BOEHLERT. Mr. Speaker, the citizens in my district and across the Northeast have struggled this winter to pay for their heating bills because of the extraordinary recent spikes in the price of home heating oil. The price of diesel fuel rose sharply, too, delivering a severe economic blow to farmers, truckers, and businesses that depend on shipping products by truck. And since just about everything we wear, eat and use in our daily lives is shipped over land by truck, the high cost of fuel took a bite out of just about every consumer's budget. It's been a rough winter for the Northeast.

Unfortunately, it looks like we're not in the clear, yet. Recent headlines report that many experts now predict steep prices of gasoline during the peak driving season this summer, making this winter's crisis seem "like a cake-walk" by comparison.

Why are we all of a sudden experiencing such exorbitant energy prices? Are they simply the outcome of free market forces, the perpetual balancing of supply and demand? No. We are being held hostage by oil producing countries—many of whom have accepted generous assistance from the United States in the
